Capital Aeroporter Announces Name Change to Premier Airport Shuttle

Premier Airport Shuttle provides high-quality Door-to-Door Shared and Private Van Services between SeaTac Airport, Seattle Cruise Ship Piers and the greater metropolitan Puget Sound area.

Capital Aeroporter, operating since 1972, announced today that it has changed its name to Premier Airport Shuttle. Recent changes in travel patterns and ground transportation options created an opportunity for Premier Airport Shuttle to expand their service area from the South Puget Sound area to the majority of the Greater Metropolitan Puget Sound Area - including King, Pierce, Snohomish, Kitsap, Thurston, Lewis, Mason and Grays Harbor Counties. Still the same great local Company and Employees, the new name reflects the expanded geographic area and updated, premium service quality options operated with their modern Mercedes-Benz Sprinter Van fleet.

Premier Airport Shuttle (Capital Aeroporter) has grown over the past 49 years from a One-Vehicle Scheduled Aeroporter operation to providing Door-to-Door Shared and Private Van Service to homes, hotels and businesses, as well as special event group and Charter transportation. Stringent safety measures and cleaning practices allow us to provide high quality yet affordable airport ground transportation services through the COVID-pandemic and into the future.

“The Premier Airport Shuttle brand brings fresh updated airport shuttle options for the public ,” said Jim Fricke, President/CEO. “The Premier name creates an all-inclusive premium approach to provide the traveling public with professional, safe and efficient airport transportation.”

About Premier Airport Shuttle

Premier Airport Shuttle brings an updated approach to Door to Door Shared Van Service, by limiting to a minimal number of stops, providing more space, comfort and safety for their customers. Private Non-Stop Airport Service is also available for customers that prefer exclusive use of a vehicle. Additional Charter Service options include: Group and Event Transportation, such as weddings, professional sporting events and conference/corporate events.
